Contributes significantly to the success of the project.	4	4	4	4	4	4
Total	20	23	21	23	23	22

Feedback on team dynamics:

1. How effectively did your group work? (List at least 3 things)

- Each team member was able to stay on task with assigned material

- We were able to make ends meet and delivery all specified instructions on time
- Were able to collaborate on how to go about the entire project and come up with a general scope of the process and a timeline to be identified
- We were able to identify our weak points and took the time to close them as soon as possible

2. Were the behaviors of any of your team members particularly valuable or detrimental to the team? Explain. (List at least 3 things)

Taziz: He was able to take initiative in the project and help to ensure that the structure of the project as well as with intended user stories worked out well

Ashdeep: Was able to take the instructions given and make something meaningful out of it

Yusuf: Kept the group organized for the most part

Shivam: Took the time to implement various integrations that would be helpful towards completing various user stories within the project and project scope

3. What did you learn about working in a group from this project that you will carry into your next group experience? (List at least 3 things)

- Learned more about patience when collaborating with others
- Experienced how to go about handling team dynamics and workflow
- Learning to take accountability of tasks to be done when possible to show initiative
