Feedback on team dynamics:

1. How effectively did your group work? (List at least 3 things)

- Each team member was able to stay on task with assigned material

- We were able to make ends meet and delivery all specified instructions on time
- Were able to collaborate on how to go about the entire project and come up with a general scope of the process and a timeline to be identified

2. Were the behaviors of any of your team members particularly valuable or detrimental to the team? Explain. (List at least 3 things)

Naeem: Was able to take initiative and build core components of the project that would carry us from Iteration 2 and beyond

Daniel: Was able to take that step forward to learn the software development process and kick start his own contributions to the project

Taziz: Was able to take initiative at the start as well; kick starting the entire project development as a whole

3. What did you learn about working in a group from this project that you will carry into your next group experience? (List at least 3 things)

- Learned more about patience when collaborating with others
- Experienced how to go about handling team dynamics and workflow
- Learning to take accountability of tasks to be done when possible to show initiative
